Increase Averaging 17 Per Cent May Be Put In Effect Upon Five Days' Notice

## STRIKE THREAT ENDS

Washington, July 9.—(AP)—The eastern railroads today were granted a new increase in passenger fares averaging 17 percent. The new fares can be put into effect by the railroads upon five days' notice to the public.

The raise was authorized by the Interstate Commerce Commission for all of the railroads doing passenger business north of the Ohio and Potomac rivers and east of the Mississippi.

As a result of today's action, the basic one way passenger coach fare in the east will rise from 2.5 to 3 cents a mile and the basic sleeping and parlor car rate will go up from 3.5 to 4 cents a mile.

The order provides the proportionate increases in round trip fares.

The order affects 61 railroads. Sixty of them received the full 20 and 14.3 percent increases.

The increases will not affect commuter fares, which are on a different basis, and which were generally advanced about 20 percent in the east last year.

The eastern railroads estimated that on the basis of travel so far this year, the increases will yield about \$81,000,000 a year in additional revenue.

Two of the 11 ICC commissioners—Atchafalaya and Spaw—announced dissents to the increases but did not file separate opinions.

The ICC authority affects interstate passenger travel, but the state regulatory bodies ordinarily follow the interstate fare pattern on within-state travel. Because of special laws in Illinois and Michigan, the ICC's order today applies to intra-state travel in those two states.

The order disposes of the last pending application with ICC for passenger fare increases. Neither the western railroads nor the southern lines have given any indication that they intend to follow the lead of the eastern roads in seeking a fresh advance.

Washington, July 9.—(AP)—The year-old wage dispute that nearly tied up the nation's railroad system is settled.

The three strike-threatening unions came to terms with the carriers at the White House last night.

But a new round of pay boost demands on behalf of all of the 1,250,000 railroad workers is just around the corner. Management officials look for that struggle to begin in earnest in September.

However, the long procedure called for by the Railroad Labor Act will delay any possible new strike crisis for several months after that.

In the meantime, the railroads will be back under private operation.

In announcing the settlement, the White House said the lines will be freed of army control as soon as the necessary papers can be drawn—without waiting for the formal wage agreement to be written out by the roads and the unions.

# Trailer Truck Runs Wild At Scranton

Scranton, July 9.—(AP)—Running wild down a steep incline, a trailer truck smashed into a shop in South Scranton today and knocked it over a stone wall. Five persons were injured, several seriously.

The one story frame structure housing the tailoring business of John and Thomas Harrison, was hurled thirty feet below the wall.

The truck, carrying 12 tons of sugar, went out of control on the steep grade. When it reached a curve, it rammed into a bridge and caught fire.

Then the vehicle plunged into the shop. Three persons in the building at the time were hurt seriously.

The accident was the second on the same highway in 12 hours. Another truck ran away last night, struck four automobiles and crashed into a house. Three persons were hurt.

# Exclusion of Vets Clubs In Quota Provision Is Sought

Pittsburgh, July 9.—(AP)—A resolution adopted today at the 29th annual encampment of the Veterans of Foreign Wars urged exclusion of all veterans clubs from quota provisions of the state liquor laws.

Another approved resolution called for abolition of all "one-man clubs."

Under present laws, clubs are included in a legal prohibition against issuing more than one liquor license per one thousand of population.

Last night, delegates heard Vice Admiral John Dale Price, deputy chief of naval operations, declare that "naval air power" coupled with the new 70-group air force,

# Aides Work to Nail Down A First Ballot Truman Victory; Critics Push Douglas Boom

Philadelphia, July 9.—(AP)—Gen. Dwight D. Eisenhower today informed Senator Claude Pepper of Florida "I would refuse to accept" the Democratic presidential nomination. Eisenhower sent Pepper a telegram asking the senator not to put his name in nomination at the national convention starting next week. He said his "refusal" is "final and complete." Pepper said he would comply reluctantly with the general's wishes.

Philadelphia, July 9.—(AP)—Democratic Chairman J. Howard McGrath predicted today General Dwight D. Eisenhower's name will not be offered to next week's convention as a possible party presidential nominee.

McGrath told a news conference he does not believe that Supreme Court Justice William O. Douglas will permit his name to be proposed as an opposition candidate to President Truman in the latter's bid for the nomination.

In response to questions, McGrath said that while he does not think the "stop-Truman" drive has been stopped, he thinks it has been deflected.

"It is off Eisenhower boulevard and on some side road," McGrath said. "I don't know just where it is at the moment."

The national chairman said he doesn't think that "anybody in the Democratic convention will be so disrespectful as to present General Eisenhower's name after what Eisenhower said." The general said he could not accept nomination for high political office.

There has been hotel lobby talk that Mr. Truman's critics might try to get together behind Justice Douglas as a candidate.

But McGrath said that in talking to Douglas' intimate friends he had the impression that "Justice Douglas would not under any circumstances be a candidate against President Truman."

The national chairman indicated that a resolution which Senator Olin Johnston, of South Carolina, said he will offer the national committee tomorrow is likely to be pigeon-holed.

Johnston has talked of a resolution urging Mr. Truman to step aside and call for General Eisenhower's nomination.

The Douglas flame, fanned from the dying embers of the boom for Gen. Dwight D. Eisenhower, seemed likely to be sparked during the day by a statement from Jacob M. Arvey, Chicago Democratic leader.

Arvey, who said previously he thinks Mr. Truman is second only to Eisenhower in his ability to unite the country, promised a statement outlining his joint views with Mayor William O'Dwyer of New York.

There were some strong indications from New York, where the two conferred yesterday, that Arvey and O'Dwyer may have devised a fresh advance.

# Henderson Urges Dem Plank To Restore Price Controls

Philadelphia, July 9.—(AP)—Leon Henderson, wartime OPA administrator, urged the Democratic platform committee today to pledge immediate action to restore price, allocation, inventory and credit controls.

This must be done, he said, "to prevent any further rise in prices."

"Inflation," said Henderson, "is a time bomb placed at the foundations of our prosperity. Everyone knows that the bomb bears the stamp 'made by the GOP.' Unless this bomb is removed it will blow us into the worst depression in our history."

# Irish Sweepstakes Tickets Are Seized

New York, July 9.—(AP)—Eighty-two boxes of Irish sweepstakes tickets valued at about \$3,400,000 were seized by custom officials yesterday aboard the liner America.

The tickets, found by ship officers in a storeroom shortly before the liner docked, were for the classic Cambridge Race to be run at Newmarket, England, this fall.

One agent said the tickets were probably "the whole assignment for America for the race."

Ship officers said the boxes, marked to indicate they contained perishables, were brought aboard the ship with a food cargo at Cobh, Ireland. The tickets were in books of 12 to sell for \$2 each.

Sale of sweepstakes tickets is illegal in the United States.

# CLEVELAND FIRE

Cleveland, July 9.—(AP)—Half of a warehouse occupied by the U. S. Steel Supply Co., was destroyed early today at a loss estimated by Fire Chief James E. Granger at \$300,000. Flames shooting across E. 99th street, on which the building was located, forced evacuation of 50 families living nearby. The blaze was brought under control in an hour and a half and after five alarms had been sounded.

Can make this country invincible in war."

Price asserted that if the U. S. A. is to survive the atomic age, however, it needs more than an accent on one arm of the service.

State Commander Frank C. Hilton lashed out again at Congress for failing to pass what he considered adequate public housing legislation. He declared that without some form of government subsidy, the housing problem cannot be solved.

This conclusion, Hilton said, reflects the thinking of more than 200,000 Pennsylvania VFW members, many of whom have been forced to live under undesirable conditions.

# NEW POKE AT LEWIS TAKEN BY JUSTICE

Strike in Steel Industry's Mines Seems Sure To Last Until Next Wednesday

## INJUNCTION DECISION

Washington, July 9.—(AP)—The government took a new poke at John L. Lewis in court, but the steel industry's coal mines seems sure to last until next Wednesday.

That is the day Federal Judge T. Alan Goldsborough set for a hearing on whether he should issue the stop-strike injunction asked by Robert N. Denham, general counsel of the National Labor Relations Board.

The strike, now in its fourth day, started when the steel industry refused to accept the union shop arrangement in the new wage agreement reached by Lewis and the rest of the coal industry.

The steeling were willing to give the \$1 daily wage increase and 20-cent welfare fund royalty provided in the agreement, but flatly refused to go along with the union shop for their 55,000 miners.

Denham, in a formal complaint filed at Lewis and the United Mine Workers Union yesterday, argued with the steel industry's position—that what Lewis is demanding violated the Taft-Hartley act requirement that union shop can be legal only after employees consent to it in an NLRB election.

Under a union shop an employee sees to it that all his workers join a union within a specified period, usually two weeks.

Lewis' trouble is that he is barred from obtaining the required NLRB election. The NLRB cannot conduct one until Lewis files a non-Communist affidavit and he refuses to sign one as a "matter of principle."

Denham followed up his complaint with the appeal to Goldsborough for the strike-end court order. He asked for it to be put into effect until the NLRB can decide if Lewis is violating the Taft-Hartley act by insisting on the union shop on his own terms.

An NLRB trial examiner is due to hear this case on July 22, but before then, Goldsborough will have acted on the injunction plea.

Presumably Lewis and the UMW will obey a Goldsborough strike ban, if the judge sees one, because they already have been fined a total of \$2,150,000 for twice disobeying similar court orders.

Some 25,000 commercial coal miners also have been idle in the areas where the "captive" mines are down. These men would not be covered by any injunction. But reports from the coal fields indicate the "sympathy" strikers are gradually drifting back to work.

# LIMITED ON GREAT NORTHERN DERAILED

Dassel, Minn., July 9.—(AP)—The Chicago-bound Great Northern Oriental Limited from Seattle was partly derailed last night as it sped through this central Minnesota town.

One person was hospitalized and several others bruised or shaken up as 14 of the 19 cars and the rear section of the Diesel engine jumped the tracks, twisting them in great arcs and raising a cloud of dust that enveloped the town.

A Great Northern official said preliminary investigation pointed to a hot box on a car loaded with fish as the possible cause of the derailment.

# Negro Janitor In Custody For Knife - Slaying

Washington, July 9.—(AP)—Police Superintendent Robert J. Barrett said today a Negro janitor, held in Baltimore for the knife slaying of a young girl there had admitted a similar killing here.

In a statement to newsmen, Barrett said the janitor, identified as Eugene H. James, had detailed how he slashed the throat of 11-year-old Carol Bardwell in Rock Creek park here June 27.

Police earlier reported that the Bardwell girl had been raped. In Baltimore James was held on a charge of stabbing to death 11-year-old Marsha Brill last Tuesday as she was riding her bicycle along a wooded road near her home here.

The Bardwell youngster also was riding a bicycle when she was attacked.

Police here said they do not know whether James will be brought here to stand trial in the Bardwell slaying. No charge has been placed against him in that case. Baltimore police have "first claim" on him, police said.

Washington police, who had been hunting had found the death weapon.

The statement issued by Barrett quoted James as telling police that when he saw Carol riding her bike in a wooded section of the park, he drew a knife from his waistband and slashed her twice.

The 31-year-old janitor and odd-job man also is charged in Baltimore with raping and robbing a 23-year-old housewife three weeks ago.

Veteran Battlewagon Sinks to Watery Grave

(NEA Radio Telephoto)

In her final moments before plunging to her underwater grave, the once mighty USS New York, survivor of two world wars and two atom bombs, exposes for the first time her vulnerable underhull. After two hours of shelling by ships and aircraft, the 27,000-ton battleship sank prematurely in the Pacific, 44 miles southwest of Pearl Harbor, before the Navy could test some of its newest weapons. The New York was chosen as target ship because it would cost too much to decontaminate her after the Bikini atom tests.

# Barking Dog Causes Plenty of Excitement

Stockholm, Minn., July 9.—(AP)—A stray barking dog aroused the ire of Arnold Maki, 21, employed here on the Orville Titrud farm. He grabbed a shotgun and went out into the night.

He tripped, the gun discharged and hit a dynamite pit, setting off 100 pounds of explosive. The ensuing blast broke windows in all of the ripped off Maki's clothes, farm buildings, moved a machine shed off its foundation and stripped trees of their leaves.

Maki, cut, bruised and badly shaken, was taken to a hospital. The dog, apparently unharmed, hasn't been heard from since.

# Funeral For Carole Landis Is Arranged

Los Angeles, July 9.—(AP)—The Carole E. Landis suicide case is closed, as far as the coroner's office is concerned.

After Actor Rex Harrison's statement at an informal inquiry yesterday that he did not know where the actress took her life, Coroner Ben Brown said: "I have gone to the limits of my authority."

In a deposition, Harrison also denied any knowledge of a second note left by Miss Landis. But Mrs. Florence Wasson of West Los Angeles, the actress' former stand-in and life-long friend, admitted that she had seen the note.

"I don't believe she was entirely happy with her career," Mrs. Wasson and Mrs. Fannie May Bolden, the actress' maid, followed Harrison on the stand. Both women were questioned primarily about the existence of a second suicide note.

In a financial aftermath, the actress' fourth husband, Theatrical Producer Horace Schmidlapp, was sued yesterday for a \$27,712.29 clothing bill. The Ocean House, Inc., a dress shop, said Miss Landis ran up the bill between February and July of 1947.

# TOT STILL MISSING

Somerset, July 9.—(AP)—Two doberman pincher dogs have joined the search for 23-month old Donald Collier, coal miner's son missing since Friday. Some 400 men headed by state police and Sheriff Karl Hare, today continued their search of the wooded, hilly area near the Kooser State Park. The child wandered away from his parents' cottage near the park.

# Despite Weather Allies Keep Air Ferrying Service Going

Berlin, July 9.—(AP)—Three Americans were killed last night when a United States Airforce plane flying food to Soviet-blockaded Berlin, crashed near Frankfurt. They were the first American lives lost in the Allied lift to the isolated city.

Despite the accident and bad weather the western Allies kept the momentum of the air ferrying service going today.

In London diplomatic officials said last night Britain, the United States and France had decided to delay publication of their notes demanding an end to the blockade, for at least 24 hours while Russia thinks the matter over.

Earlier a foreign office spokesman in the British capital had said that in view of press leaks on the terms of the three-power protests, the notes might be published at once.

The newspaper France-Soir published in Paris yesterday what it said was an analysis of the protests. It said that all three powers told the Russians they would not give up any of their rights in Berlin.

The plane which crashed was a two-engine C-47. The crash occurred deep in the Taunus mountains, 20 miles northwest of Frankfurt. The plane burned after plunging into the woods on a peak.

Three charred bodies were dug from the wreckage. The victims were two U. S. Air Force officers—the pilot and co-pilot—and a civilian passenger. Their names were withheld pending notification of relatives.

Operations at Tempelhof airfield were described as "rushing" today, with 71 food and coal cargoes received between midnight and 10 a. m. Bad weather yesterday held flights for the same period to 19.

The western-licensed newspapers summoned all Berliners—including those in the Soviet sector—to the square today.

## HAIFA HAS AN ALERT

BULLETIN

Haifa, July 9.—(AP)—Haifa's first air raid alarm since World War II sounded this afternoon and "ghinting broke out in northern Palestine at the end of the U. N. truce."

Washington, July 9.—(AP)—Secretary of State Marshall today termed deplorable the renewal of fighting in Palestine between Jews and Arabs. Marshall said that according to news reports it appeared the hostilities were resumed by the Arabs. He told a news conference, however, that the official determination of who is to blame will have to be made by the United Nations Security Council.

Cairo, July 9.—(AP)—Tel Aviv was bombed today in the renewed Palestine war but the United Nations mediator still fanned flickering peace hopes.

A Jewish Communiqué from Tel Aviv said the Jews counterattacked and captured the Egyptian-held villages near Majdal, 28 miles south of Tel Aviv. It said fighting which began there yesterday before the truce ended continued all night, and acknowledged the loss of two other villages to attacking Arab forces.

The mediator, Count Folke Bernadotte, announced in Haifa "he had paid a surprise visit to Amman and discussed with King Abdullah of Trans-Jordan the prospect of averting new fighting in Jerusalem and demilitarizing the Holy City. He said he still was hopeful."

Haifa also braced itself for an expected air raid. The refinery city, largest eastern Mediterranean port, had been blacked out now for full week.

Newspapers in Haifa reported Egyptian attacks far to the south. New fighting had been reported 23 miles south of Tel Aviv even before the truce ended, and in Cairo an official said there was "no doubt that the Egyptian army resumed fighting this morning."

Back in Haifa, for a brief stop after his talks with Abdullah, Bernadotte would give no details on the conference other than to say it concerned demilitarizing Jerusalem. He talked with Abdullah the Trans-Jordan Legion already holds part of the Holy City.

Under Bernadotte's peace proposals, rejected by both Arabs and Jews, Arab parts of the would be under Abdullah's rule. Abdullah long has dreamed of this.

# Clubbing Death In Butler Co. Probed

Butler, July 9.—(AP)—Butler County Coroner J. Charles Dengler said David A. Bruner, 42, of Bradock, was clubbed to death today following Bruner's attempt to choke his son, Thomas 19.

Dengler said a man identified as Walter Zinkham, 56, of Prospect, RD 1, was held for questioning in the shot gun clubbing. Dengler told this story of the slaying:

Bruner and his son arrived in Prospect on a truck last night and stayed at the home of Zinkham's daughter, Mrs. Robert Snell. This morning, Bruner got up and made an unsuccessful effort to start the truck. He returned to the house and asked his son to get up. When the youth refused, Bruner choked him. Zinkham, who has only one leg, came to the boy's aid. The clubbing followed.

Planning Bill For Issuing Drake Stamp

Rep. L. H. Gavin (R-Pa.) of Oil City, announced today that he plans to toss into the legislative hopper at the 1st session of Congress a bill authorizing the Post Office department to issue a three-cent postage stamp next year commemorating the 90th anniversary of completion of the Drake well at Titusville.

Col. E. L. Drake's well struck oil on August 27, 1859 to become the first successful oil well in the history of the United States.

John P. Herrick of Olean, N. Y., conceived the idea for a commemorative postage stamp honoring the father of the oil industry. The proposal was embodied in a resolution passed by the Pennsylvania Grade Crude Oil Association at its Silver Anniversary meeting recently in Pittsburgh.

D. T. Ring of Columbus, Ohio, association president, named a committee to assist in having the stamp issued. Additional members of the committee just appointed by Mr. Ring are J. M. Bloss of Titusville, vice chairman of the Drake Well Advisory Board, and W. C. Wenzel, executive manager of the Pennsylvania Grade Crude Oil Association, who will serve as vice chairman of the committee under Mr. Herrick.

The stamp would contain a likeness of Colonel Drake and his well. A replica of the latter now is attracting many visitors to the Drake Well Museum, a Pennsylvania-operated institution at Titusville.

Ludlow, July 9.—Old Timers' Day in Ludlow was a huge success, with more than 1,000 out of town visitors gathering in Wildcat Park for the scheduled activities.

The program opened with a community dance held in the IOOF Hall, with Knobby Paul and his orchestra of Jamestown providing the round and square music. The hall was decorated by the American Legion and the music was financed by the High School Alumni Association.

The big day opened with games for the youngsters under the direction of C. H. Gardner, who was assisted by a group of boys which included: Kent Swanson, James Nelson, James Beckman and Alfred Johnson, Ludlow; also William Muir, of Warren. Prizes were awarded to Michael Swanson, Rodney Elder, Tommy Anderson, Francis Schuster, Mickey Servidio, Rose Schuster, Winifred Jones, Fred Johnson, Carol Elder, Nancy Carlson and Katherine Thornton.

The memorial service, which was planned by Miss Edith Larson, and attended by about 500 persons, particularly memorialized those service men of Hamilton township who lost their lives in World War II. John Begany, Jr., Gurman Peters, Arthur Christensen, Jr., Frank Mattis, Edward Seleni, Leroy Plubell.

The service opened with two selections, "Holy, Holy, Holy" and "Nearer My God To Thee", played by a quartet composed of William Ralston, James Nelson, Robert Johnson and James Christensen. This was followed by a hymn and the scripture reading given by Rev. Hans Pearson, of the Sheffield-Ludlow Lutheran parish; prayer, Rev. Herman Davidson, Mission Covenant pastor; anthem,

Ludlow welcomed all former residents and friends and August Lawson, of Jamestown, acted as spokesman for the Old Timers in which he reminisced concerning many of the most forgotten enjoyments of Ludlow.

The regular Wildcat Baseball game scheduled for the day and played at 3 p. m. with the Jamestown Steel Partioniers, was well attended. The score saw Ludlow losing to the Jamestown team by 5 to 2, the game being very well played and enthusiastically appreciated.

Band and Orchestra School For Students Opens Monday

Director Harry Summers announces everything is all set for the opening of his annual summer school for band and orchestra students, to be conducted in the Beatty school auditorium from Monday, July 12, to August 30.

For the first session, which he has scheduled for 8:30 p. m. Monday, Mr. Summers advises there will be no need for instruments.

This special course of summer instruction, which is sponsored by the Warren School Music Boosters Club, is open to students of all four school bands, all orchestral students, and to all those who will be starting in the school music groups when school opens in the fall.

Mr. Summers plans to have rehearsals each week-day morning and class instruction periods in the afternoon, the exact schedule for these to be worked out and announced later.

This special school music project, started two years ago by Mr. Summers and the Boosters Club, has proved successful both from the standpoint of student interest and attendance, and the very evident improvement of the various groups when regular study schedules are taken up at the start of the fall term.

In other years, Mr. Summers has had between 150 and 175 pupils enrolled and, the popular enlargement of the school music department proposed for this fall, the popular director is anticipating an even larger response for this year's instruction.

Ludlow Bible School Gives Fine Program

Ludlow, July 9.—The community daily vacation Bible school held its closing exercises in Moriah church, the school, with an enrollment of 37 and an average attendance of 22, has been conducted for the past two weeks at the high school under the direction of Pastor E. C. Davidson, of the Mission Covenant church. Teachers have been Mrs. Leroy Johnson, Mrs. Gustav Olson, Mrs. Enoch Nelson, Edith Wetherill, with Connie Erickson, Delores Johnson and Mary Jo Beckwith as assistants. Pianists have been Joanna Johnson, Kathryn Swanson, Delores Johnson and, for the closing program, Susan Anderson.

The program opened with the welcome by Pastor Davidson, who also gave the scripture reading and prayer. Numbers which followed were: Memory verses and poems, beginners' department under the direction of Mrs. Johnson; 23rd Psalm, primary department, directed by Mrs. Olson; memory verses, questions and answers, junior department, directed by Mrs. Nelson; flannelgraph study of the Wandering Son, senior department members, Barbara Kesinger, Kathryn Swanson and Carol Zimmerman, as well as Bible study and a song under the direction of Miss Wetherill. The first three groups also gave several musical numbers under the direction of Mrs. Nelson.

Attendance certificates were given all those attending a certain number of days and small booklets were awarded those with perfect attendance records. A display of handwork was shown in the church parlors.

Another feature of the school's closing was the picnic for pupils and their families, held at Wildcat Park.

**BAN ON PANHANDLERS**  
These are tough days for Franklin panhandlers. Seven of them are in the county jail for 30 days, and the next stop is the workhouse for repetition of the offense. The orders come direct from Mayor Ehlender, who complimented Chief of Police Sheffer on the cleanup staged in the city parks during the past week. The sentence dates from June 10. Opelt died in Titusville Hospital June 8 from injuries suffered in drunken brawl. "I'm defendant told Judge Herbert Mook that he had been drinking too much and that he was sorry for what he had done."

**HOLGATE STRIKE**  
Neither union or company Thursday reported developments in the Holgate strike situation at Kane, which has idled 250 workers since June 2, and neither admitted "anything new," but reports from authoritative sources indicated that a Federal conciliator had been in contact with the situation and there was promise of a possible resumption of negotiations next week. From every angle it was held that there was no point in revealing possible resumption of negotiations, but reports give strong indications that something will happen in the not too distant future.

RETREAT FROM SOVIETS OFFERS NOTHING

It is obvious that the Anglo-American-French entente must do something about Russia's attempt to push us out of Berlin by brute force. It is not so obvious just what we should do. Maybe that is why we have been so patient.

Gen. Lucius Clay has said that nothing short of war will force us to get out. Our moral, ethical and legal right to remain is unchallengeable. Yet there are some who fear that Clay may be forced, by orders from on high, to eat his words.

That would be fatal. Large, important segments of the world are resisting Soviet aggression only because they think—or at least they hope—that the United States, with backing from Great Britain and maybe from France, is strong enough and courageous enough to act as a buffer against the Soviet Union.

If it should prove that we are not strong or courageous enough to keep Russia from physically throwing us out of Berlin, then there would be no reason for any other nation to take the terrible risk of saying "No" to Stalin. If we won't fight for our own dignity and national security, surely we can't be trusted to fight for the future peace and welfare of the world at large.

Munich should have taught us the fallacy of appeasement. Yet Munich was only the most dramatic and convincing in a long line of retreats by the democratic world from authoritarian force—a long-continued program of shutting our eyes and backing away, hoping that the bully in front would get sick of the game and go home without hitting us.

ARABS CHALLENGE FATE

The refusal of the Arabs to join the Jews in renewing the truce in the Palestine warfare, in the opinion of DeWitt MacKenzie, Associated Press foreign affairs analyst, indicates that the former believe they can win the conflict.

Whether they are correct in that assumption remains to be seen. However, without challenging their undoubted capabilities as fighters, one is moved to remark that they are venturing out on a mighty shaky limb which might easily break under them.

The point of this observation is that the battle for the Holy Land has become a much broader issue than merely the establishment of a national home for the Jews or the maintenance of the Arab status quo. Without prejudice to the two claims, it must be recognized that the fate of Palestine is of vast moment to the whole world. This is true not only in the sense that it is sacred to three great religions—Christianity, Judaism and Mohammedanism—but in the political, economic and military sense.

However, the resumption of fighting in Palestine hasn't been unexpected. Hopes of achieving a permanent settlement, after a generation of fruitless efforts, have been pretty thin. Many observers incline to the belief that we may have reached the point where only two alternatives remain for solution of the problem:

Either the United Nations must enforce peace, using troops if necessary, or the Arabs and the Jews must be allowed to fight to a finish.

SURPLUS WON'T LAST LONG

The government wound up the fiscal year with a record budget surplus of well over \$3,000,000,000. But our officials are taking manifold steps to cope with this unprecedented profit.

For one thing, civilian employees are still being added to the government payroll at an average rate of 500 a day, as they have been for the past six months. The 1948 tax cut will reduce fiscal 1949 revenues by several billions, and Representative Knutson promises he'll try to pass through even bigger reductions.

So it appears that the country can just look at the surplus, admire it, and forget it. Like Halley's Comet, it is unlikely that it will be around again for some time.

TIME TO CUT RAGWEED

Sufferers from hay fever, numbered in the millions, will be interested in "Operation Ragweed," which is beginning to get underway throughout the United States.

The pollen of ragweed is credited with causing three-fourths of hay fever discomfort. Naturally, any effort that eliminates the growth of ragweed in and around a populated center seems to decrease the suffering of the victims.

Many cities and towns have ordinances which require the owners of land to cut down these weeds. This will help, but it is also necessary for public authorities to mow down the obnoxious weed in public places.

## RETREAT FROM SOVIETS OFFERS NOTHING

It is obvious that the Anglo-American-French entente must do something about Russia's attempt to push us out of Berlin by brute force. It is not so obvious just what we should do. Maybe that is why we have been so patient.

Gen. Lucius Clay has said that nothing short of war will force us to get out. Our moral, ethical and legal right to remain is unchallengeable. Yet there are some who fear that Clay may be forced, by orders from on high, to eat his words.

That would be fatal. Large, important segments of the world are resisting Soviet aggression only because they think—or at least they hope—that the United States, with backing from Great Britain and maybe from France, is strong enough and courageous enough to act as a buffer against the Soviet Union.

If it should prove that we are not strong or courageous enough to keep Russia from physically throwing us out of Berlin, then there would be no reason for any other nation to take the terrible risk of saying "No" to Stalin. If we won't fight for our own dignity and national security, surely we can't be trusted to fight for the future peace and welfare of the world at large.

Munich should have taught us the fallacy of appeasement. Yet Munich was only the most dramatic and convincing in a long line of retreats by the democratic world from authoritarian force—a long-continued program of shutting our eyes and backing away, hoping that the bully in front would get sick of the game and go home without hitting us.

## ARABS CHALLENGE FATE

The refusal of the Arabs to join the Jews in renewing the truce in the Palestine warfare, in the opinion of DeWitt MacKenzie, Associated Press foreign affairs analyst, indicates that the former believe they can win the conflict.

Whether they are correct in that assumption remains to be seen. However, without challenging their undoubted capabilities as fighters, one is moved to remark that they are venturing out on a mighty shaky limb which might easily break under them.

The point of this observation is that the battle for the Holy Land has become a much broader issue than merely the establishment of a national home for the Jews or the maintenance of the Arab status quo. Without prejudice to the two claims, it must be recognized that the fate of Palestine is of vast moment to the whole world. This is true not only in the sense that it is sacred to three great religions—Christianity, Judaism and Mohammedanism—but in the political, economic and military sense.

However, the resumption of fighting in Palestine hasn't been unexpected. Hopes of achieving a permanent settlement, after a generation of fruitless efforts, have been pretty thin. Many observers incline to the belief that we may have reached the point where only two alternatives remain for solution of the problem:

Either the United Nations must enforce peace, using troops if necessary, or the Arabs and the Jews must be allowed to fight to a finish.

## SURPLUS WON'T LAST LONG

The government wound up the fiscal year with a record budget surplus of well over \$8,000,000,000. But our officials are taking manful steps to cope with this unprecedented profit.

For one thing, civilian employees are still being added to the government payroll at an average rate of 500 a day, as they have been for the past six months. The 1948 tax cut will reduce fiscal 1949 revenues by several billions, and Representative Knutson promises he'll try to put through even bigger reductions.

So it appears that the country can just look at the surplus, admire it, and forget it. Like Halley's Comet, it is unlikely that it will be around again for some time.

## TIME TO CUT RAGWEED

Sufferers from hay fever, numbered in the millions, will be interested in "Operation Ragweed," which is beginning to get underway throughout the United States.

The pollen of ragweed is credited with causing three-fourths of hay fever discomfort. Naturally, any effort that eliminates the growth of ragweed in and around a populated center seems to decrease the suffering of the victims.

Many cities and towns have ordinances which require the owners of land to cut down these weeds. This will help, but it is also necessary for public authorities to mow down the obnoxious weed in public places.

CHAPTER 31  
"I came as soon as I could," Randy said. "I spoke only to Hilred, still held against him, his voice was so low that it was only for her. But of course he was aware of Lucien, standing apart in that beautiful yellow room filled with the soft hush of twilight."

"I know..." Hilred murmured for she had known that Randy would start by her in time; she had known she could count on his friendship, his strength.

"There was something she said to me," Randy continued. "It was a sort of message. I think, Hilred. She asked me to tell you not to forget. She did not say what it was, but I think she knew that you would understand."

Hilred nodded her head; she could not manage ever to murmur a reply in answer to that.

"And she told me something else," Randy continued. "That I will tell you later—when we are alone." His eyes, so clear, so direct, met the gaze of Lucien's dark ones over Hilred's bent, bright head.

Lucien spoke for the first time. He came forward to stand beside them. He said, "I want you to grow hot deeply I feel for you, Hilred. I know how deep your loss, your sorrow is. Always, at such a time, one wishes there was something one could say—or do. This is the one time when there is."

Hilred raised her head now, she would have stepped back, out of Randy's encircling arms, but for blue eyes looked into Lucien's—she saw the shadow of that dark tragedy in them—but then, almost as quickly she saw it pass away. She said, "Thank you, Lucien. There was nothing more she could say just then. She wondered what he had meant, but he always talked in such a way that it was difficult to comprehend his full meaning. And she could not think now

—she could not even feel. If only the tears would come...

"It is that you are free," Lucien said. And his dark eyes smiled into hers—deeply, tenderly—as only Lucien's could. "I give you your freedom, my sweet. I give you I also give you the happiness that I never could have brought you—not with all the Lanier millions."

Lucien... you... Hilred did manage to draw away from Randy now. She saw the look in Lucien's eyes—another look in them—one as clear, as direct, as untroubled as the look of a man made new, or of a child that had never tasted bitterness. "You don't have to say that—you don't have to give it to me. She meant, as she knew he would know, that she still would keep her word and she still would marry him. She knew that he would understand, though of course Randy would not, since Randy could not know what they were talking about."

Lucien shook his dark head. "I see too clearly now—not through a glass, darkly."

SHE thought she did understand now. Lucien meant that she would never be able to love him. He had realized, too, that there could be no happiness in such a marriage.

Now Lucien looked at Randy, spoke to him. He said, "I will leave you two alone—so that you may tell her what it was her mother said at the last. Tell her well. Doctor Baird, and be sure that you take care of her, always."

With that Lucien turned quickly and left the room.

Randy drew her back into his arms. "You heard what he said," Randy's clear eyes were looking deeply into hers once more. They were as clear, as gray, as always, but they had more, more, and a gentleness, the strength of him. They held the same look she had surprised in them a few, rare times before he had managed to remove it. "It was the same thing your mother told me. That I must

take care of you, Hilred. And that I must tell you how much, how very, very much my dearest darling, I love you."

But Randy could not be saying that! Or at least he could not mean it! He could not have discovered it, at long last!

"I have always loved you," Randy said. His one free hand took hold of her arm, lifting back his fair head so that her blue eyes must meet his. And his love was there for her to see.

"I thought I had lost you," he finished. "Until your mother told me that you do love me."

"I do love you," Hilred said. She said it bravely, through the tears for her mother; that she had wanted to come, bringing release from the awful numbness that had gripped her.

Now she could keep her promise to her mother. She could be constant to herself, her beliefs and ideas—her way of life. They would go on, and then work together, she and Randy, as they always had. Even Jimmy would be all right, for she knew that Lucien still would make it possible for Robin and Ellen to keep him. Lucien would be all right, too—she had seen that in the new look of strength in his eyes.

"Then I shan't save any longer," Randy said, with infinite tenderness. "I am asking you, and for the last time, Hilred, if you will have me? I not only need you, we not only share the same interests, the same purpose in living and serving, but I want you, just because you are you—and no other."

He drew her closer and kissed away the tears that coursed down her cheeks, until his mouth found hers.

And then, since she had had to wait so long for this awakening, Hilred forgot everything else for this one ecstatic moment. With Randy's lips against her own, his heart beating beneath hers in their true love that was the strongest of all the cords that bound them together.

## ALWAYS THE VALUE-LEADER...

Always the first choice of people who want the finest at lowest cost... Chevrolet's value-leadership is now so outstanding that men and women everywhere are deciding it's more than ever the preferred investment in its field!

Not only does Chevrolet stand out as the first and only low-priced car with all the following major advances which comprise the soundest and best in modern motoring... not only does it offer all these major advantages of Big-Car quality at lowest prices... but it offers them at prices that are now definitely and decisively lower than those of any other car that even remotely approaches it in quality!

It's the first and only low-priced car with the original and outstanding Unitized Knee-Action Ride. It's the first and only low-priced car with a world's champion Valve-in-Head

Engine. It's the first and only low-priced car with the enviable Body by Fisher. It's the first and only low-priced car with the triple safety-protection of Fisher Unitized Body-Construction, the Unitized Knee-Action Ride and Positive-Action Hydraulic Brakes.

And yet, despite the fact that CHEVROLET AND ONLY CHEVROLET IS FIRST to offer all these major advancements of low-cost motoring, it holds an even greater price-advantage and gives you even more value for your dollars in comparison with other automobiles today than at any previous time in Chevrolet history!

That is why more people are buying Chevrolets than any other make of car, this year as for the total 17-year period, 1931 to date; that is why they are agreeing, with ever-mounting enthusiasm, that Chevrolet is first in dollar-value as it is first in nation-wide demand.

## National Forge Baseballers Tangle With Erie Pontiacs On State Hospital Diamond

Erie Pontiacs, a first division team in the Glenwood League and one of the prentice contenders for the Erie city title, will battle the National Forge Baseball nine Saturday afternoon on the State Hospital diamond at North Warren. Game time will be 2:30 o'clock DST.

The scrap with the Erie delegation, an all-Negro team, is the only game listed this weekend for the N. F. O. nine due to a vacation schedule at the Forge plant.

The Forge is hoping to get back on the victory track after a dis-

astrous holiday schedule last weekend in which the Irvine crew dropped three out of four tilts.

The Pontiacs have a strong pitching staff, with Gaines and Johnson as regular starters and Bates and Harding in reserve. This is one department in which the N. F. O. nine could be strengthened.

The quality of the Forge's three dependable, Diz Hines, Pinky Caffrey and Dean Whittaker, is far above standard, but there should be two or three more like them for duty in relief chores and as starters on crowded weekends.

## Busy Bees Capture 1st Half Championship In City League By Defeating Welders, 9 to 5

Busy Bee Restaurant annexed the first half championship of the City Softball League last night by defeating the Welders 9 to 5, on the West Side field.

It was a 3-2 ball game until the bottom half of the fourth frame when the Bees notched for runs in five hits and then added three more markers in the seventh round on four safeties, including round trippers by Milt Dahler and Hal Brown.

L. Salerno and B. Salerno got two hits each for the Welders, while Ritchie and W. Chick duplicated the performance for the Bees.

Jim Urbanski was on the mound for the victors, striking out two men, walking three and giving up three hits. The losing hurler, J. Papalia, also struck out two and issued three free passes, but was wicketed for 10 hits.

Second half schedule in the City Softball League will open Monday evening with the Welders tangling with Emblem Oil on the West Side field.

## MIDDLE ATLANTIC

By The Associated Press  
The Uniontown Coal Barons—A farm club of the Pittsburgh Pirates—took undisputed possession of first place in the Middle Atlantic League last night by edging the Vandergriff Farmers out of both ends of a doubleheader—and first place—by the twin scores of 4-3 and 4-3.  
It was the third consecutive win by the Barons over the Pioneers in their current match. Uniontown must win the fourth and last game of the series tonight if it wants to stay on top.  
The fourth-place Erie Sailors won their fourth game in a row and third consecutive from Johnstown by the score of 10-2. Bill Henry hit a grand slam homer for the Tars during a seven-run fifth inning.  
Led by George Shoup, who drove in four runs with a triple, a double and two singles, the Oil City teamers made it two straight over the Youngstown Colts, 16-8. Chuck Harig, Youngstown left fielder, led the losers with four safeties. The victory put Oil City into a tie with Youngstown for sixth place in the league.  
Art Segusco's ninth-inning single with the bases loaded and two score tied gave the Butler Yanks a 12-12 win over the New Castle Chiefs.

## East Side Tops North Warren; Starbrick Wins On Late Rally

East Side shut out North Warren, 4-0, on Russell field and Starbrick rallied in the ninth to shade Sugar Grove, 10-9, at Starbrick in Junior Baseball League tilts last night.

Lopez started on the mound for North Warren but was shelled for four runs in the first frame North Warren then revised its lineup, Lopez going behind the plate, Catcher English going to third, and Third Baseman Harriger taking over in the box. Neither side got a run across for the remainder of the seven-inning contest. Smith won on the mound for East Side.

Wollington got the only extra-base blow, a double, for East Side. Smith was touched for four safeties, while Lopez and Harriger gave up seven hits.

The Sugar Grove—Starbrick scrap was the payoff of a postponed game from June 24.

Starbrick was trailing, 9 to 4, going into the last of the ninth, but they uncorked a six-run rally for a Frank Merrillwell finish.

Frontiers and T. Huchabone pooled doubles for the victors, while Barrett and D. Burch got two-baggers and McClure rapped a triple for Sugar Grove.

F. Cray was the winning pitcher, Spencer the losing moundman.

## BOBBING in SPORTS

by BOB MOORHEAD

**BONUS RULE:** The bonus rule now in effect in the major leagues is being backed by players, club managers and fans alike, with proponents arguing that it's a boon for baseball and opponents claiming the whole thing is ridiculous.

James T. Gallagher, vice president and general manager of the Chicago Cubs is one of those who favor the rule.

"For 25 years," says Gallagher, "Commissioner Landis struggled to loosen the controls by which major league clubs could control the careers of professional baseball players—for periods as long as nine years. He succeeded in reducing this term of control, through slow advancement in the farm system and subsequent options by the major league club, to six years."

"A bonus player can never be

controlled, which is why some farm chains are holier-than-thou. The player is subject to selection from any classification (and unrestricted selection) after his first year, which means 30 days of service.

"A non-bonus player is not subject to selection until he has played two years in the three lowest classifications, three years in A and four years in A.A. and A.A.A. And he is subject to unrestricted selection only in D, C and B. Only one man can be selected from the three top classifications, unless the club chooses to offer other men for unrestricted selection.

"Because he is always subject to unrestricted selection, because he cannot be optioned out, and because waivers cannot be withdrawn, once asked, in any league, no bonus player should ever play in a lower classification than to which his abilities qualify him. If Landis was right, the bonus rule is the greatest thing that ever happened—for the bonus player."

"The bonus rule probably saved professional baseball, from top to bottom, a million dollars in its first year of operation. Bonus money, unlike money paid by one club to another for a contract, goes out of baseball instead of staying in the game to help finance the necessary losses which minor league operation entails.

"The most recent claim is that a player's development is delayed because the player cannot be optioned out. It is delayed only because the club which made the mistake of placing the player too high must lose control of his services when they reach the inevitable decision to send him to a lower club. He can be sent out for development—and in that chain. But at the end of the year he must be sold in order to get back the bonus money or he must be left open for selection."

A look around reveals that other players, non-bonus men, are being held back from development in the same fashion. These are the players who were brought to the major leagues during the war. They were in their teens then. But now their options have been exhausted and they can't be farmed out because some other major league club will claim them at the \$10,000 waiver price. So the controlling club keeps them on the bench hoping to get more than the waiver price.

While the player with his op-

tioned up gets in an occasional game all right, he is not developing the way he would if he played every day in the minors. The same is true of some young pitchers who have been optioned out the maximum number of times—three. They pitch now and then but usually they only see action in a game that is one-sided in favor of the opposing team.

While two or three club are dissatisfied with the present bonus rule, indications are that it will be in force after the majors hold their joint meeting in St. Louis on July 12.

Everybody reads the Times-Mirror.

## National Forge Baseballers Tangle With Erie Pontiacs On State Hospital Diamond

Erie Pontiacs, a first division team in the Glenwood League and one of the prental contenders for the Erie city title, will battle the National Forge Baseball nine Saturday afternoon on the State Hospital diamond at North Warren. Game time will be 2:30 o'clock P.M.

The scrap with the Erie delegation, an all-Negro team, is the only game listed this weekend for the N. F. O. nine due to a vacation schedule at the Forge plant.

The Forge is hoping to get back on the victory track after a disastrous holiday schedule last weekend in which the Irvine crew dropped three out of four tilts.

The Pontiacs have a strong pitching staff, with Gaines and Johnson as regular starters and Bates and Harding in reserve. This is one department in which the N. F. O. nine could be strengthened.

The quality of the Forge's three dependable, Diz Hines, Pinky Caffrey and Dean Whittaker, is far above standard, but there should be two or three more like them for duty in relief chores and as starters on crowded weekends.

## East Side Tops North Warren; Starbrick Wins On Late Rally

East Side shut out North Warren, 4-0, on Russell field and Starbrick rallied in the ninth to shade Sugar Grove, 10-9, at Starbrick in Junior Baseball League tilts last night.

Lopez started on the mound for North Warren but was shelled for four runs in the first frame. North Warren then revised its lineup. Lopez going behind the third, Catcher English going to plate, and Third Baseman Harriger taking over in the box. Neither side got a run across for the remainder of the seven-inning contest. Smith was on the mound for East Side.

Wellston got the only extra-base blow, a double, for East Side. Smith was touched for four safeties while Lopez and Harriger gave up seven hits.

The Sugar Grove - Starbrick scrap was the playoff of a postponed game from June 24.

Starbrick was trailing, 9 to 4, going into the last of the ninth, but they uncorked a six-run rally for a Frank Merriwell finish.

Frontera and T. Huckabone pooled doubles for the victors, while Barrett and D. Burch got two baggers and McClure rapped a triple for Sugar Grove.

P. Gray was the winning pitcher, Spencer the losing moundsman.

## BOBBING in SPORTS

by BOB MOORHEAD

BONUS RULE: The bonus rule now in effect in the major leagues is being bootied by players, club managers and fans alike, with proponents arguing that it's a boon for baseball and opponents claiming the whole thing is ridiculous.

James T. Gallagher, vice president and general manager of the Chicago Cubs is one of those who favor the rule.

"For 25 years," says Gallagher, "Commissioner Landis struggled to loosen the controls by which major league clubs could control the careers of professional baseball players—for periods as long as nine years. He succeeded in reducing this term of control, through slow advancement in the farm system and subsequent options by the major league club, to six years."

"A bonus player can never be a star," says Gallagher.

## Busy Bees Capture 1st Half Championship In City League By Defeating Welders, 9 to 5

Busy Bee Restaurant annexed the first half championship of the City Softball League last night by pouncing Bill's Welding Shop, 9 to 5, on the West Side field.

It was a 3-2 ball game until the bottom half of the fourth frame when the Bees notched for runs on five hits and then added three more markers in the seventh round on four safeties, including count trippers by Milt Dahler and Hal Brown.

L. Salerno and B. Salerno got two hits each for the Welders, while Ritchie and W. Chick duplicated the performance for the Bees.

Jim Urbanski was on the mound for the victors, striking out two men, walking three and giving up six hits. The losing hurler, J. Papalia, also struck out two and issued three free passes, but was ticked for 10 hits.

## Men's Tourney at Conewango Won By Creal

A men's golf tourney at the Conewango Valley Country Club yesterday in which participants counted their best 12 holes out of 18 was won by Tim Creal with a 49 score.

**MIDDLE ATLANTIC**  
By The Associated Press  
The Uniontown Coal Barons—A farm club of the Pittsburgh Pirates—took undisputed possession of first place in the Middle Atlantic League last night by edging the Vandergrift Pioneers, out of both ends of a doubleheader—and first place by the twin scores of 4-3 and 4-3.

It was the third consecutive win by the Barons over the Pioneers in their current series. Uniontown must win the fourth and last game of the series tonight if it wants to stay on top.

The fourth-place Erie Sailors won their fourth game in a row and third consecutive from Johnstown by the score of 10-2. Bill Henry hit a grand slam homer for the Tars during a seven-run fifth inning.

Led by George Shoup, who drove in four runs with a triple, a double and two singles, the Oil City refiners made it two straight over the Johnstown Colts. 16-8. Chuck Harig, Youngstown left fielder, led the losers with four safeties. The victory put Oil City into a tie with Youngstown for sixth place in the league.

Art Segusco's ninth-inning single with the bases loaded and a score tied gave the Butler Yanks a 13-12 win over the New Castle Chiefs.

## PONY LEAGUE

By The Associated Press  
The Lowly Hornell Maple Leafs today boasted their first win of the season over the league pacesetter, Lockport Reds.

The Leafs' 12-4 triumph last night, coupled with the Jamestown Falcons' 12-4 victory over the Batavia Clippers, brought the champion Falcons within four percentage points of a tie with the Reds.

In the only other game the Wellsville Red Sox edged out the Bradford Blue Wings 5-4. The Olean Oilers and Hamilton Cardinals were idle.

Today's games: Hornell at Lockport, Wellsville at Olean, Jamestown at Bradford and Batavia at Hamilton.

Three Convicted In Loitering Case

New York, July 9.—(P)—A municipal court has found Mrs. Nancy Fletcher Chorem, daughter of a U. S. career diplomat, guilty of loitering for purposes of prostitution.

The comely, 27-year-old brunette was convicted along with two other women, Madeleine Blavier and Mrs. Margaret Starr, also accused on vagrancy counts.

Magistrate Arthur Markewich raised the bail of the three women from \$1,000 to \$2,500 each, and paroled them in custody of their attorneys pending their appearance in court.

He said he will set a date for sentencing at that time.

They were found guilty mainly on the basis of telephone conversations tapped by a policeman.

The officer testified in court that in one telephone conversation he heard the Blavier woman tell Mrs. Chorem about a date, saying, "You will get paid and enjoy yourself at the same time."

Counsel for the three said the case will be appealed.

Parole System Is Again Under Fire

Pittsburgh, July 9.—(P)—The parole system of Allegheny county juvenile court was under fire today as a result of the holdup-slaying of Robert W. Lennon, 40-year-old salesman, Tuesday.

Assemblyman Albert E. Beech, a friend of Lennon, demanded appointment of a state house committee to investigate the "serious and dangerous practice of juvenile court" in releasing certain juveniles.

Police Inspector Fred Good said a 16-year-old boy who was released from Thorn Hill Industrial school because of illness admitted the Lennon slaying along with nine holdups.

Beech said the inquiry should determine "how the court turns loose delinquents to shoot and rape and yet respectable and law-abiding citizens."

Who Will Win Second Place on Democratic Ticket?

Sen. Alben W. Barkley

SEN. ALBEN W. BARKLEY of Kentucky is rated a Democratic vice presidential possibility because of his campaigning ability, long legislative experience and popularity among various factions of the party.

It is believed that as a running mate for President Truman he would help offset the President's unpopularity with southern Democrats opposed to his civil rights stand.

Some observers think Barkley's age—70—is an obstacle to his nomination. He will deliver the keynote speech at the national convention for the third time.

Justice William O. Douglas

SUPREME COURT JUSTICE William O. Douglas has been a vice presidential, or presidential, possibility since 1940. Douglas came to the high court in 1939 as a 40-year-old, New Deal brain-truster, the youngest justice in 128 years.

Delegates to the Democratic convention from his home state, Washington, will support him for vice presidential nomination. Some political observers doubt he would leave the court for the vice presidential nomination. They consider him a 1952 presidential possibility.

Sen. Scott W. Lucas

ONE of the prominent prospects for second place on a Truman ticket is Illinois' Scott W. Lucas, assistant leader of the Democrats in the Senate. A strapping six-footer who "thinks fast on his feet," Lucas is rated one of the ablest debaters in the Senate.

Lucas, 56, is serving his 10th year in the Senate, was member of the House for four years. A lawyer and corn farmer, he has been particularly interested in agricultural problems.

He topped a newspaper poll of Senate Democrats on their choice for the vice presidential nomination.

Sen. Joseph C. O'Mahoney

VETERAN foe of business monopolies and a plugger for the west, Sen. Joseph C. O'Mahoney of Wyoming is rated one of the leading possibilities for the Democratic vice presidential nominations.

O'Mahoney, 63, is a friendly little man with a keen analytical mind and considerable punch as a speaker. A lawyer and former newspaper editor, he has been in the Senate 16 years.

Born in Massachusetts, he went west with an invalid brother before he had finished his schooling. He is an expert on constitutional law.

Sen. Millard E. Tydings

SEN. MILLARD E. TYDINGS of Maryland has been suggested as a vice presidential nominee who would be popular with southern Democrats and so-called conservative elements of the party.

Maryland's delegation to the national convention will support him for nomination. A seasoned legislator and speaker, the 58-year-old Tydings is regarded by Senate Republicans as a dangerous debating opponent. Tall slender very well tailored, he makes a good platform appearance.

Tydings, a lawyer, has been in the senate since 1927. He also served in the House and Maryland legislature.

Market Quotations

New York, July 9.—(P)—Railroad issues moved up in a body in the stock market today on the heels of the surprise announcement of a boost in eastern passenger fares. Settlement of the dispute between three rail unions and the companies aided buying. Gains for the carriers ranged to around a point. The balance of the market was steady, with small gains showing an edge over small losses.

## Recreational Areas Well Populated

The attendance at the developed recreational areas within the Allegheny National Forest over the Fourth was the largest on record, announced Forest Supervisor Anderson today. It is estimated that 10,000 people visited Twin Lakes on Sunday and over 2000 at Lotota. There were not sufficient facilities at any location to satisfy the demand.

Heavy use of the swimming area at Twin Lakes requires the services of an additional life-guard over weekends and an appeal has been made to the Kane group who sponsor the full time life-guard now on duty. It may be possible that this additional service will be furnished.

Many young people use the swimming area at night and in order to limit this hazardous practice, the gates on the road approaching the area will be locked from 11:00 p. m. to 7:00 a. m.

Left-handedness is much more common among boys than among girls.
